Healthy meals for your family

Delivered to your door

Served at your table

We've all been there.

It's that dreaded day of the week when you know you won't be home until after dinner time. If you're tired of boxed meals or pizza and want to provide a healthy delicious meal for you and your family, try our meal delivery service!

You can choose from a variety of options that will be delivered to you, so that when you are ready, dinner can go straight from the fridge into the oven. You can have a healthy dinner on the table in less than the time it takes for delivery.

The process is simple. Each week a list of menu items will be e-mailed to you. Simply choose the dinner items that sound delicious to you that week, along with the number of servings and then select a delivery time window. Each dinner comes with simple instructions for reheating, serving and storing.

Contact us to learn about this weeks menu!

Romantic Occasions

Dinner Parties

Small Gatherings

Make your special occasion a memorable one. Let me take away the stress of putting on a home gathering. I'll prepare, serve, and clean for you, giving you time to focus on the occasion, not the work.

I will customize a menu with you that will be the perfect complement to your special event. Don't worry about going out, allow me to bring the restaurant to you!

Call or E-mail to schedule today!

Learn to cook

At your own pace

Any skill level

Have private lessons in the comfort of your own home. I'll work with you based on your level of comfort in the kitchen. I offer beginners, intermediate, and advanced classes or I can take requests for specific dishes or techniques you may want to learn.

It can be one on one or bring your friends for a group class. It is a great way to become more familiar in the kitchen. It's also perfect for a fun night in with friends!

My classes are a fun and pressure-free approach to cooking. I have a passion for food. I'd love to share it with you and show you just how great cooking can be!

Eating is not only allowed in class, it's required!
